Work Done by School for Community

Outside work that may be carried on for community groups as educational projects by various departments of the school is permitted, but not encouraged, and the school may freely turn down such work.

Work of outside organizations calling for effort and time of regularly employed administrative, teaching, secretarial, or other personnel may not be done during regular school hours.

All outside organizations will be expected to pay for any and all materials used by the school for other than direct school purposes.
